Work in Progress

Book and articles: Common Sense and the Common Defense: Alternative International Security Systems and a Theory of Just Politics. Focus on international conflict resolution and security, compatibility of violent and nonviolent methods and especially of various methods of mediation, negotiation, nonviolent action and sanctions, peacekeeping, and armed force, and conditions of success for each.

Book and articles: Nongovernmental Organizations and the United Nations System: Environment, Women and Disarmament. A comparative study of nongovernmental organizations and social movements as they function in these three issue-areas within the U.N. context, raising questions of differential strategy and impact in these three areas of social change.
